## RPM features;

1. Front-mounted cargo pockets featuring a unique 2-stage design with a hidden inner pocket and an external "Ready Rack".
2. The inner hidden pocket has vertical tool slots to hold your tools, goggle wipes, sparkplugs and contact gloves.
3. The outer "Ready Rack" holds those tools which require the quickest access on race day.
4. The "Ready Rack" can also handle your team radio system with a left or right side mounting option.
5. The "Ready Rack" also has a spot for your Smart Phone.
6. Designed to wear under your coat but can be worn on the outside.
7. Integrated rear cargo pouch accommodates popular 50/100 oz systems.
8. Integrated drink hose/radio cord carrier built in over BOTH shoulders.
9. You must buy your own hydration system. \* We recommend you use an insulated drink hose and bite valve.
10. The mechanic can now "hydrate" his rider without the awkward use of water bottles.
11. Rear cargo pouch also handles temporary storage of soft items such as a hat, goggles, gloves etc
12. A quick-release drive belt hook is standard. Keeps the belt warm and dry while under your jacket.
